INITIAL OR CHECK EACH RULE AFTER REVIEW

Participant name: _____ Date: _____

Core Firearm Safety Rules

- 1. Treat every firearm as loaded.** Personally verify the condition whenever a firearm is received or handled.
- 2. Always keep the muzzle pointed in a safe direction.** Never allow the muzzle to cover anything you are not willing to destroy.
- 3. Keep your finger straight and outside the trigger guard** until the firearm is on target and you are authorized and ready to fire.
- 4. Know your target, the surrounding area, and what is beyond it.** Fire only at approved targets with a safe backstop.

Range and Class Conduct

- Obey all commands immediately. On "CEASE FIRE," stop firing, remove your finger from the trigger, keep the muzzle safely oriented, and await instructions.
- Do not handle firearms or ammunition during a cease fire or while anyone is forward of the firing line.
- Wear eye and hearing protection whenever required. Keep protection in place until the instructor authorizes removal.
- Load, unload, holster, unholster, and move with a firearm only when and as instructed.
- Use only the firearm, ammunition, targets, holster, and equipment approved for the session.
- Never attempt to clear a malfunction without authorization unless specifically trained and directed to do so.
- No alcohol, cannabis, illegal drugs, horseplay, threatening behavior, or participation while impaired.
- Tell the instructor immediately if you feel ill, dizzy, overwhelmed, fatigued, confused, or unable to continue safely.
- Wash hands and face after shooting and before eating, drinking, smoking, or touching contact lenses to reduce lead exposure.
- The instructor or Range Safety Officer may stop any activity or remove any participant whenever safety requires.
